8328493815

PROFESSIONAL SUMMARY

Driven Computer Science Engineering student specializing in full-stack development and robust backend architecture. Adept at building real-time applications, managing structured data pipelines, and writing clean, scalable code using Node.js, React.js, Java, and SQL. Backed by hands-on experience with thorough testing workflows and Git version control. Eager to apply engineering rigor, technical precision, and rapid learning capabilities to ship reliable, production-grade infrastructure as a Software Engineer Intern at Stripe.

SKILLS

- Languages: C, Python, JavaScript, SQL, HTML5, CSS3
- Databases & Data Systems: MySQL, Database Normalization, Structured Data Analysis (CSV/SQL)
- Developer Tools : Git, GitHub, Version Control, VS Code, MySQL Workbench
- Technologies : APIs , prompt-Engineering , openCV, Machine Learning

PROJECTS

SMART HOSPITAL OP & QUEUE MANAGEMENT SYSTEM | MySQL, Real-Time Sync, Web Architecture

- Architected a real-time management platform featuring customized, secure dashboards for staff, doctors, and patients.
- Engineered a live tracking system to estimate patient wait times, conducting rigorous scenario testing to handle concurrency and unexpected operational delays.
- Authored comprehensive technical documentation and system rules to enforce data privacy, ensure system reliability, and maintain clear API/database interactions.

STRUCTURED DATA ANALYSIS & METRICS ENGINE | Python, CSV, SQL, Google Colab

- Developed Python-based processing scripts to ingest, aggregate, and analyze large-scale metric datasets.
- Executed complex data grouping and descriptive analysis logic, rendering raw system logs into structured formats optimized for decision-making.
- Implemented strict data validation checks to prevent defects and ensure data integrity across input pipelines.

EDUCATION

B.Tech in Computer Science and Engineering

Rise Krishna Sai Prakasam Group of Institutions(2023-2027)

Intermediate (MPC)

Br. Oxford Junior College, Kandukur(2021-2023)

10th Standard (SSC)

Sri Vidyaniketan English Medium High School(2020 - 2021)

CERTIFICATION

- Full Stack Software Testing & Automation Intern — EduSkills Academy (Jun 2026)
- Python Full Stack Engineering Intern — EduSkills Academy (Jul 2026)
- Emerging Technologies in Renewable Energy Sources — SWAYAM / CSVTU (Score: 71%)

ADDITIONAL INFORMATION

- Strong problem-solving and debugging skills
- Familiar with Agile methodologies and collaborative development workflows
